

NEUROSCIENCE CONCENTRATION: COURSE PLAN WORKSHEET

Name:

Expected Year of Graduation:

Background Courses:

Semester/Year	Course Title	Course Number
		MATH0090
		MATH0100
		PHYS0030
		PHYS0040
		BIOL0200
		CHEM0330
		CHEM0350

Core Concentration Courses:

Note: Two semesters of NEUR1970 can be used to replace the critical reading course, laboratory course, or an elective

Lecture Courses

Semester/Year	Course Title	Course Number
	The Brain: An Introduction to Neuroscience	NEUR0010
	Principles of Neurobiology	NEUR1020
	Neural Systems	NEUR1030

Statistics Course (see [approved list](#) in 'Required Courses' tab)

Semester/Year	Course Title	Course Number

Laboratory Course* (see [approved list](#) in 'Required Courses' tab)

Semester/Year	Course Title	Course Number

Critical Reading Course (see [approved list](#) in 'Required Courses' tab)

Semester/Year	Course Title	Course Number

Four Electives* (see [common electives list](#) – other courses may be acceptable, speak to your advisor)

Semester/Year	Course Title	Course Number

*3 of these 5 courses must be “neuro-focused” (see List 1 electives in common electives list)

Additional Questions:

How do you plan to fulfill the research requirement?

Do you have any questions for your advisor? Write them here.
